

**G**reenspoint Community Partners (GCP) is a 501 (c)(3) organization dedicated to strengthening the Greenspoint community through programs that enhance the quality of life and establish a renewed sense of area identity and pride. It was established by the Greater Greenspoint District in 2004 to sustain and grow financial and community support for programs that would otherwise be absent in the community.

GCP is governed by a volunteer board of directors, comprised of business partners and residents. Although a separate entity, the GCP board works in partnership with the Greater Greenspoint District to support community programs that focus on three key areas:

- Parks & Recreation
- Public Safety
- Beautification

**Quick Fact:** Although there are more than 30,000 families within a 3-mile-radius of the Greenspoint area, only two public parks serve the community.

### Parks & Recreation

Our parks program focuses on keeping Greenspoint's only public parks, Thomas R. Wussow and Cityview, along with the amenities they provide, available to the community. These facilities are the beginning of an overall park plan for the area that will one day connect planned park sites to the east and west of Interstate 45 with a pedestrian trail system along Greens Bayou.

### Park Features

- Rentable pavilions
- Playgrounds\*
- Splash Pad\*
- Sand Volleyball Courts\*
- 1.5 mile trail
- Flower gardens and green space
- Aldine-Greenspoint YMCA recreational programs\*

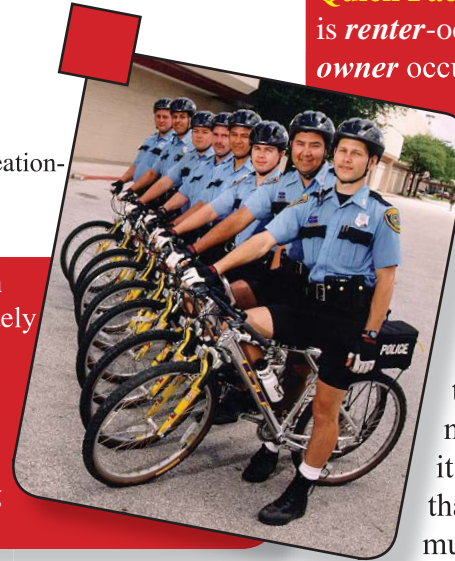

\*Available at Wussow Park only.

**Quick Fact:** In 2006, the Houston Police Department lost approximately 700 experienced officers due to retirement. During the same year, Houston experienced a significant population increase as the city became home to those fleeing Hurricanes Katrina and Rita.

### Public Safety

The Greenspoint Public Safety Center located at Greenspoint Mall is a critical hub for police operations in the community. Prior to its opening in 1994, the closest beat station was more than 20 minutes away. Today, the center is a focal point for collaborative efforts between law enforcement agencies and the community. In addition to normal police services, the Center provides a headquarters for targeted police initiatives such as:

- *Operation "Greensweep"* – a partnership with the Houston Police Department focusing on narcotic activities.
- *Auto Theft Task Force* – a special unit of the Harris County deputies that targets people and/or businesses profiting from auto theft.
- *Contract and Off-Duty Patrol Activities* – A partnership with HPD, Harris County deputies, Aldine ISD and METRO police. The program increases police presence and visibility in the community.

**Quick Fact:** In Greenspoint, 63% of housing is *renter*-occupied. Housing nationally is 66% *owner* occupied.

### Beautification

A sense of ownership and identity fosters pride in a community. Since a majority of Greenspoint's residents have not made a long-term commitment to the community through property ownership, it's important to provide programs that encourage and promote community spirit. GCP's beautification efforts focus around a program known as "*Clean & Green.*" The *Clean & Green* program provides for:

- Litter and graffiti removal
- Tree & landscape planting and maintenance
- Highway and intersection mowing
  - Support for public art projects in the community.
